

July 2009

Dear Supporter,

The POST Construction Team is pleased to announce the ARCH 4th Annual Charity Golf Classic. Here at POST we feel it is important to support our community. ARCH has been serving residents of the Anacostia community for over 23 years and as the host of this event, POST is very excited to help ARCH realize its mission and goals.

The mission of the ARCH is to serve as a catalyst, primarily in the wards east of the Anacostia River, ensuring individuals and families' access to adequate and affordable housing, quality education, livable wage jobs, **cultural activities**, neighborhood businesses and access to social services. ARCH's geographic focus is in the following areas; (1) the Greater Anacostia (2) Ward 8, and (3) those areas of Ward 7 adjacent to the river and Ward 8 of Washington D.C.

ARCH has provided academic excellence in a student-centered environment, focusing on personalized attention achieved through small class sizes and a faculty that provides hands on teaching, tutoring and counseling. One of ARCH's most successful programs is Youthbuild. In this program students receive practical experience through on-the-job training in construction. ARCH is proud to announce that this years program, is going Green! Students will now earn weatherization techniques in addition to their regular curriculum.

ARCH is also a not for profit economic development corporation. Some of ARCH's most recent successes include the construction of a brand new photography gallery, The Vivid Solutions Digital print & Photography Salon. ARCH believes the Arts are a huge part of positive change in the revitalization of Anacostia. This November ARCH will be presenting photography throughout the Historic Sector as part of Washington D.C.'s Inaugural Fotoweeek.

On behalf of POST and ARCH, I would like to encourage you to take a look at this year's sponsorship levels or consider registering your company in this year's tournament. With many great prizes and networking opportunities available, this event is sure to be a great day for you and your team while supporting a meaningful and worthy charity.

Sincerely,

Alvin Smith,
President and Founder POST Construction
